# CARI TESTIMONIALS

"As chair of the 2007 & 2008 East Coast Short Course Swim Championship Meet, we could not say enough about the quality of product and service offered by the team of professionals at the CARI facility. In large part, the success of this sporting event is attributed to the excellent product and service offered at CARI. We have become the envy of the swim world in Atlantic Canada.

The CARI facility has earned the reputation of being the very best 25 meter swim facility in eastern Canada. We value our relationship with the team of professional CARI staff. The care and attention they provide to our provincial sport organization is deeply appreciated and valued. It is a model for other sport facility management groups to follow."

*- Sandi Lowther, Chair  
East Coast Short Course Swimming Championship*

"The CARI Complex was an "unbelievable" venue for the 2008 Esso Women's Nationals.

All but two of the tournament's 16 games were held at the MacLaughlan Arena in the CARI complex. The teams all got their own dressing rooms for the entire tournament, saving the host committee a lot of labour that groups in the past have encountered. The staff were unbelievable.

They went the extra mile every chance they got to make sure the host committee was happy and the teams were well looked after."

*- Kevin Webster, Manager of Marketing Services and Events  
Hockey Canada*

"Capital Area Recreation Inc. is passionate about hosting sport events, while ensuring a unique and inviting experience. They understand event hosting and are able to offer superior customer service, along with being Atlantic Canada's most comprehensive sport complex. Their friendly "can do" attitude is unparalleled, allowing athletes, coaches and administrators to focus on their competitions. SCORE! shares a strong positive relationship with CARI, as a result we have been able to excel in the sport tourism industry."

*- Wayne Long, Events Development Officer  
City of Charlottetown / SCORE!*
